## Feedback from the Employer on Curriculum

### Academic Year 2019-2020

Based on the valuable feedback received from employers of our B.Ed. graduates and M.Ed. post graduates, we have developed an action plan to further strengthen our curriculum. This plan outlines specific strategies and initiatives aimed at enhancing the program's alignment with the needs and expectations of the education sector. By incorporating the insights provided by employers, we aim to ensure that our graduates are well-prepared and equipped to excel in their teaching careers.

Areas Identified	Action Taken
Curriculum support in terms of employment	Invite alumni to campus for networking events, guest lectures, and panel discussions on career-related topics.
Role of curriculum to create interest in higher learning	Facilitate hands-on learning experiences that allow students to apply theoretical knowledge in real-world settings and develop practical skills.
Role of curriculum in physical development	Design learning environments that promote physical activity, movement, and engagement.
