Programmes Organized Based on Need Assessment

Sree Narayana College of Education can better prepare future educators to meet the challenges of modern classrooms and contribute positively to educational outcomes in their communities. Our College colleges can also be developed based on need assessment to better serve the educational needs of future teachers and the communities they will impact. The need assessment process at the entry level of bed and med programme help to identify students learning needs and their readiness to undergo professional education. This assessment facilitated for planning Technology Integration in Education, Inclusive Education, Language Education, Teacher Training Needs, Field Experiences, Professional Development, Research and Innovation, Community Engagement, Feedback Mechanisms, seminars, workshops, interactive discussions to enhance students teaching skills, classroom management and techno pedagogical content knowledge to bridge the gap between theory and practice. Some of them are follows

Technology Integration in Education

Developing courses and workshops to train Student Teachers in using educational technology effectively in the classroom.
