## Energy Policy Execution

### Tapping Solar Energy

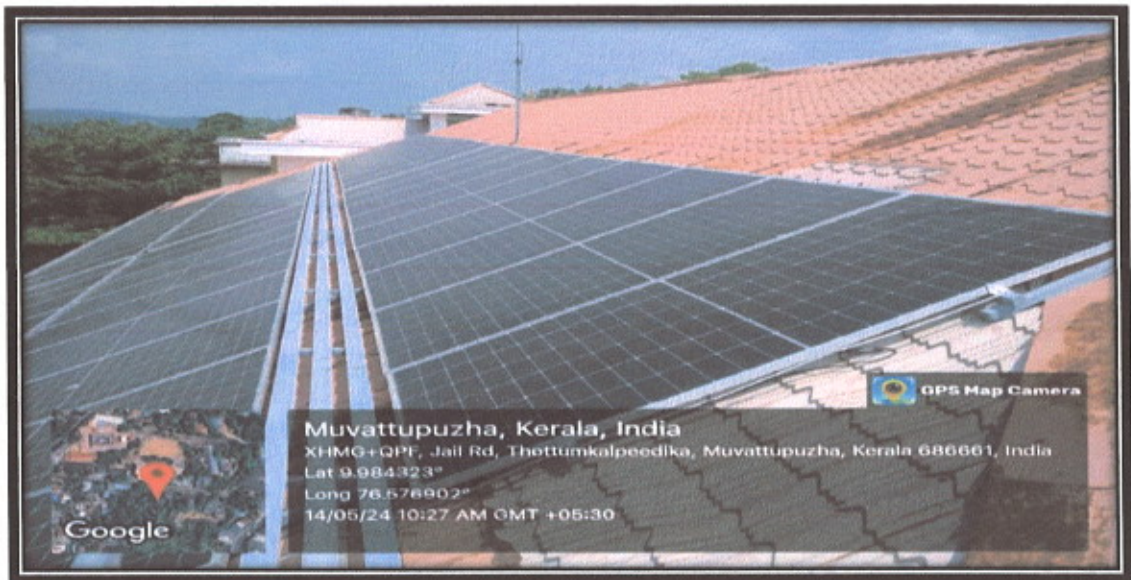

Sree Narayana College is situated in a small hill area with plenty of sunshine and natural light. So the institution makes use of one of the renewable energy sources, solar energy by installing solar panels. The efficiency of the solar system installed is 30 kW and it is sufficient for the energy requirements of the institution. As solar energy creates no carbon emissions and avoids environmental damages it goes hand in hand with the energy policies of the institution.
